Purpose of Contact: Approval for Tank 28 spill soil put back

Discussion

Per our telephone discussion of 09/17/02, we will put back the soil that had been picked-up in association with the spill of water from the two Tanks-28. The location for the put-back will be at the same location where the soil was collected, near the tall stack north of Bldg. 881. As discussed, the results from samples taken of the wet soil from the spill showed contaminants well below levels that would have required remediation.
